Ultimate Freedom

With a charter duration of two weeks, you'll enjoy ultimate freedom: plan your own route, choose your anchorages, and experience a yacht that belongs exclusively to you and your guests. Shape your sailing experience entirely to your wishes – whether it's adventure, relaxation, or tailor-made events.

Cutting-Edge Tech & Comfort

Energy Systems & Comfort

Experience true independence at sea: Our state-of-the-art generators and solar panels provide a stable power supply – no matter where your journey takes you. Enjoy air-conditioned comfort in all cabins and the salon, turning your voyage into a truly relaxing experience. Modern features such as a retractable TV and a convertible dining table that transforms into a cozy lounge add extra touches of luxury. A washing machine on board and a hardtop (likely over the flybridge or cockpit) complete the onboard convenience.

Freshwater Management

Our onboard desalination system ensures a constant supply of fresh water – combining comfort with sustainability throughout your journey.

Advanced Connectivity & Onboard Entertainment

With STARLINK and high-performance Wi-Fi, you'll stay connected at all times – whether for work, streaming, or social media. This is complemented by a premium sound system that delivers an exceptional entertainment experience in both the salon and cockpit.

Adventure & Watersports Fun

Explore the coastline with our powerful 40 HP dinghy and enjoy endless water fun. Whether it's stand-up paddling, snorkeling adventures, or relaxing moments on the floating island – every watersports enthusiast will find their perfect experience.

Ultimate Sailing Performance & Innovation

Our sail configuration combines a high-quality standard mainsail with optional additional sails (such as a Code 0 or Gennaker), offering you maximum performance and unforgettable sailing pleasure in all wind conditions.
